(Pursuant to the Urban Water Management Act, California Water code, Division 6, Par 2.6, Section 10610 through 10657)

NOTICE IS HEREBY GIVEN that the El Dorado Irrigation District (District) will hold a public hearing at its regular Board meeting on **Monday, June 28, 2021** to receive public comment regarding the District's proposed adoption of the 2020 Urban Water Management Plan (UWMP) and Water Shortage Contingency Plan pursuant to the Urban Water Management Planning Act (Act.) The Act requires urban water suppliers providing municipal water to more than 3,000 connections or supplying more than 3,000 ac-ft of water annually to adopt and submit a plan every five years to the California Department of Water Resources (DWR).

The 2020 UWMP addresses the District's water management planning efforts to assure adequate water supplies to meet forecasted demands over the next 25 years during average, single-dry and five consecutive dry years, and demonstrates compliance with the 2020 gallons per capita day target usage. The 2020 UWMP also includes a drought risk assessment and the District's Water Shortage Contingency Plan.

A preliminary draft of the 2020 UWMP will be reviewed by the District Board of Directors at its regular meeting on Monday June 14, 2021.

The Public Draft of the 2020 UWMP will be available on the District website at www.eid.org and at the District's office on or before Wednesday, June 16, 2021, and a public hearing to consider adoption of the 2020 UWMP will be held on Monday, June 28, 2021.
