

AR 6021 Industrial Pretreatment Program

Approved: December 12, 2006
Revised: February 25, 2009
Revised: October 7, 2016
Revised: January 16, 2019

In accordance with BP 6010, the District has established and maintains an Industrial Pretreatment Program that complies with applicable state and federal wastewater discharge requirements and regulations.

A copy of the Industrial Pretreatment and Pollution Prevention Program is available upon request from the Environmental Division.
