Email Address (in case we have questions):	

INSTRUCTIONS: Attach a copy of your dated sales receipt showing the device and price. Covered devices are eligible for up to a \$100 rebate. Rebates are granted on a first-come first-served basis, while funding lasts, for qualifying purchases made in 2024. Rebates must be submitted within 60 days of purchase and are limited to one rebate per water service account. New construction is not eligible for a rebate. Irrigation Efficiency Upgrades and Weather Based Irrigation Controller Upgrades are only eligible for potable water customers, recycled water does not qualify. Follow these specifications when selecting a water efficient device to ensure rebate eligibility.

COVERED DEVICES: (check one)

- HIGH-EFFICIENCY TOILET**
 - Must replace an existing high flush volume toilet of 3 gallons per flush or more
 - New toilet must be EPA **WaterSense** rated to ensure efficiency and performance
- HIGH-EFFICIENCY CLOTHES WASHER**
 - Must have a water factor of 5.0 or less
 - Only CEE rated Tier 2 and above models qualify
 - Tier 1 or not rated models are not eligible
- WEATHER-BASED IRRIGATION CONTROL – Potable only**
 - Add a weather or soil moisture sensor to an existing automatic controller
 - Replace an existing automatic controller with an EPA **WaterSense** certified model
 - Add a rain sensor to an existing automatic controller
 - Purchase a lawn soil moisture sensor or probe
- IRRIGATION EFFICIENCY UPGRADES – Potable only**
 - Convert fixed spray heads to high-efficiency nozzles (precipitation rate must be 1.1-inches/hour or less)
 - Convert fixed spray heads to drip irrigation
 - Improve existing drip irrigation system
 - Replace leaking control valve(s)
- HOT WATER RECIRCULATING PUMP**
 - Must be Underwriters Laboratories (UL) certified
 - Must meet NSF/ANSI Standard 61 requirements for drinking water systems
- ELECTRONIC FLOW MONITORING DEVICES – Potable only**
 - May be installed inline or strapped to a potable water line on the customer side of the meter
 - If strapped to a water meter it must be done so in a manner that does not inhibit or interfere with the meter operation
- RAIN BARRELS**
 - Must not be used for human consumption

Customers may obtain additional complimentary water saving devices in the main office. Visit EID.org for available products.

TERMS AND CONDITIONS: All rebates will be posted as a credit adjustment on the service account number entered above. The credit reflected on your billing statement will serve as confirmation that your rebate has been approved. Please allow 4 to 6 weeks for your rebate to be processed. This program is designed to provide limited financial assistance to EID potable water customers wishing to install water efficiency devices. EID reserves the right to deny any application that does not meet the requirements outlined above; and we cannot guarantee that the installation of covered devices will result in lower utility bills. EID is not responsible for any claimed or actual damages or losses of any kind that occurs to any person, or real or personal property, as a result of this program. EID reserves the right to inspect, and/or verify onsite, the installation of any covered device submitted for a rebate under this program.

AGREEMENT: I have read and understand the instructions and covered devices; and agree to the terms and conditions described herein. An electronic or facsimile signature will be considered an original signature.

SIGNATURE: _____ DATE: _____

SUBMITTAL: Complete application and return along with a copy of your sales receipt or invoice that shows item specifications within 60 days of qualified item purchase.

Send application to: Mail: El Dorado Irrigation District, 2890 Mosquito Road, Placerville, CA 95667
